11th **June**, 24th **July**, 14th **August**, 20th **September**,
6th **October**, 22nd **October**, 21st **November**, 11th **December**

Driver Safety Controls and Economical Driving

(CRS0657/162)

Designed to give the driver a full understanding of the safety features of the vehicle, how to maximise fuel efficiency and minimise wear and tear of the vehicle.

1st **February**, 22nd **March**, 17th **April**, 15th **June**, 23rd **July**,
19th **September**, 23rd **October**, 13th **December**

Accident Awareness / Vehicle Evacuation

(CRS0741/162)

Designed to give the driver information about vehicle accidents in order to raise awareness of the risks of the roads. Awareness of other road users and specific hazards associated with cyclists and motor cycle users. Covers accident prevention and contributory factors to accidents, resulting in safer drivers.

Part of the course provides information about vehicle fires and safe evacuation of a vehicle and features a practical exercise with simulated smoke.

6th **March**, 19th **April**, 10th **May**, 13th **June**, 25th **July**,
17th **September**, 24th **October**

Customer Care - PCV only

(CRS0750/162)

This course has been designed for PCV drivers only.

Designed to give the driver information about the impact of their performance and how their interaction with passengers can influence behaviour. Awareness of customer comfort and safety, resulting in an improved working environment and a reduction of stress. How to manage difficult situations, including disability awareness.

31st **January**, 8th **March**, 9th **May**, 27th **July**, 29th **September**,
26th **October**, 22nd **November**

Safe Loading and Defect Checks - LGV only

(CRS2059/162)

This course has been designed for LGV drivers only.

Designed to give delegates a greater appreciation of their legal obligations in relation to the safe loading of vehicles. Drivers will be made aware of how to effectively secure the load with reference to the different types of packaging and securing equipment available. The driver will also be given instruction on what is required in respect of daily walk round vehicle safety checks and defect reporting procedures.

19th **January**, 21st **March**, 16th **April**, 12th **June**, 15th **August**,
21st **September**, 6th **November**, 12th **December**

Manual Handling & Driver Wellbeing

(CRS3038/162)

Designed to raise awareness of how to perform Manual Handling activities, minimising the risk of injury and to make the Driver aware of contributing factors that may have a detrimental effect to their wellbeing, whilst performing their duties.

25th **January**, 20th **March**, 18th **April**, 14th **June**, 26th **July**,
29th **August**, 18th **September**, 25th **October**

We have structured some of the courses throughout the year to offer 5 day blocks (35 hours) of training. For PCV these blocks are in July and October and for LGV drivers these blocks are in April, June and September. To book a training course please call the sales team today, or go online to www.tachodisc.co.uk/training
