21st **September**, 26th **October**, 5th **December**

## The Customer and You

(CRS0750/162)

This course has been designed for PCV drivers only.

Designed to give the driver information about the impact of their performance and how their interaction with passengers can influence behaviour. Awareness of customer comfort and safety, resulting in an improved working environment and a reduction of stress. How to manage difficult situations, including disability awareness.

14th **February**, 19th **April**, 7th **June**, 29th **July**, 17th **September**,  
24th **October**, 15th **December**

## Safe & Secure Loading Principles and Vehicle Defect Checks

(CRS2059/162)

This course has been designed for LGV drivers only.

Designed to give delegates a greater appreciation of their legal obligations in relation to the safe loading of vehicles. Drivers will be made aware of how to effectively secure the load with reference to the different types of packaging and securing equipment available. The driver will also be given instruction on what is required in respect of daily walk round vehicle safety checks and defect reporting procedures.

18th **January**, 22nd **March**, 15th **April**, 14th **May**, 14th **June**,  
19th **September**, 14th **December**

## Manual Handling & Driver Wellbeing

(CRS3038/162)

Designed to raise awareness of how to perform Manual Handling activities, minimising the risk of injury and to make the Driver aware of contributing factors that may have a detrimental effect to their wellbeing, whilst performing their duties.

15th **February**, 13th **April**, 17th **June**, 27th **July**, 20th  
**September**, 25th **October**, 16th **November**, 8th **December**

*We have structured some of the courses throughout the year to offer 5 day blocks (35 hours) of training for both PCV and LGV drivers. These blocks are available in February, July and October for PCV drivers or April June and September for LGV drivers. If this is of interest to you, please call the sales team to book today.*
